

## Loading Bags

### Loading Bags for Underground Blasting

Underground loading bags for blasting were developed to assist the positioning of booster (s) to proper location while loading with loading hose.

#### Features:

- Easy to work with during loading procedures
- Pliable to irregular hole size
- Double stitched in heavy pushed areas

#### Benefits:

- Reduce loading time
- Available for multiple hole sizes from 2-1/4" to 6"
- Easy to install and remove if necessary during loading
- Can also be used to hold powder at desired depth using StrapRite to secure
