

Fluid & Air Transfer - Hose Reel

Hose Reel

High quality line of spring driven hose, cord and cable reels offering 2 year warranties and patented EZ-Coil® Rewind Safety System. The industry standard for spring driven safety reels. This system controls the aggressive spring motor energy and results in a reel that retracts at a safe and steady pace. Reels can be mounted and used anywhere including mobile applications.

Performance Safety Reels

Each reel is supplied standard with a locking ratchet to hold the desired length of hose tension free. With a minimal pull on the hose, the latch will release and the hose will retract and wind in a steady, controlled motion. Built to outlast the toughest working environments.

Available for low, medium and high pressure use.
Hose I.D.: ¼" – ½" Pressure: to 5,000 PSI

Features:

- Auto rewind easily wraps, stores & protects hose
- Proprietary powder coat process
- Heavy gauge ¼" steel base and support post
- Factory-matched cartridge-style spring motor
- Brass NPT swivel inlet machined from solid steel (zinc plated steel on HP models)
- 1" solid steel axle with 1" lubricated precision bearings
- Guide arm adjusts to wall, floor and overhead positions
- Multi-position lock ratchet secures hose at desired length

Product Number	Hose Size	PSI	Approx. Lbs
EZ-P-LP-325	3/8"	300	28
EZ-P-LP-350	3/8"	300	43
EZ-P-LPL-150	1/4"	300	35
EZ-P-LPL-350	3/8"	300	40
EZ-P-MP-425	1/2"	2500	49
EZ-P-HP-125	1/4"	5000	48
